

Hi Ladies,

Isn't it amazing how we can feel contented until we see something we want? It could be something to wear or to eat, a new hair style or even a job or relationship. Sometimes it doesn't take much to make us discontented. Is there a way to get out of the "discontentment downer"?

Our speaker, **Jennifer Kira**, is contented with God's call as pastor's wife and mother of three young children, but she also understands the struggles we all face with being content. Growing up at the Wintersburg Presbyterian Church, going to Mount Hermon for years and getting actively involved with AACF in college, Jennifer developed a love for learning and living life with laughter and purpose.

She is earning her Master's Degree in Biblical Counseling and finds joy and fulfillment in working with women at Lighthouse Community Church in Torrance where her husband, Kim, is the pastor. She is involved with various women's ministries, particularly in counseling and finds that contentment applies to all stages of life and in all circumstances.

Come and learn how we can experience with the apostle Paul "...I have learned to be content whatever the circumstances."
(Philippians 4:11)
